

VIVEKANANDA PAATHSHALA

JULY 2023

“The principles of true art is not to portray, but to evoke.” – Jerzy Kosinski

The Vivekananda Paathshala students were overjoyed to return for the sessions after summer vacations, and we at JKPS are happy to keep supporting their educational and recreational needs.

The month of July was filled with fantastic events that gave kids a joyful outlet for their energy while also reviving their minds and developing their creative faculties.

Art and craft is a terrific activity to encourage young minds to express their creativity and improve their dexterity, imagination, and creative abilities. The JKPS teachers and volunteers demonstrated how to design a pen stand using waste material. They received all the necessary materials and loved the activity, which helped them improve their ability to work in teams, follow instructions, and coordinate their fine motor abilities through creative work.

The students actively participated and showed enthusiasm for decorating their pen stands. They received guidance from JKPS volunteers and teachers.

As said by Plato, *“Music gives a soul to the universe, wings to the mind, flight to the imagination, and life to everything.”* Music enriches young minds and gives them a direction towards creativity.

Vivekananda Paathshala students were introduced to the basic parts of the guitar and their string names. They were taught the C major scale, and they attempted to play a sargam over the guitar. The instruments were provided by JKPS, and volunteers guided the students. Teachers demonstrated the skill of holding and playing the guitar. The students were excited and curious to learn something new and thoroughly enjoyed it.

A badminton match was organised for the students on the campus to incorporate sports into their learning process. The students were so pumped to learn and play. The physical education teacher and volunteers at JKPS guided and played along with the students.

The curiousness, excitement, and joy on the students' faces overwhelmed our hearts, and it motivated us to carry on this enriching initiative.

PTM was organised for the students of Vivekananda Paathshala to share their progress and achievements. This cooperation by the parents, improves the entire educational experience and fosters a sense of community. The teachers encouraged the parents to foster regularity in the students.

The Vivekananda Paathshala students were also delighted to share their birthdays with their peers. The cake-cutting ceremony, along with the distribution of treats, was taken up. Students danced joyfully with each other and enjoyed every bit of the celebration.
