

ASSEMBLIES

Enactment as Animals

Learning by doing makes learning more effective and interesting. In order to make Students understand more about animals and their unique features we conducted 'Enact as an animal' activity. Students dressed up as their favourite animals, used attractive props, wore animal masks and head gears. They spoke few lines describing their favourite animal. It was a very informative and exciting activity for students.

Welcoming Winters

Winters are not only time to feel the chills but also to enjoy hot soups, selective vegies ,bonfire etc. In order to make our students understand Winter season ,they were asked to wear jackets,mufflers,gloves etc. Students were also taken to a virtual tour of Winter Season. They were really excited to see the snowman, trees and mountains covered with snow all around and Ice skating.

Kindness

Kindness is caring for others, and it is the most important tool to spread love amongst humanity. Keeping the noble thought in mind our little Jaspaliansdisplayed different acts of kindness, depicted in various subtle ways and through gestures in the special assembly on the same. wherever there is a human in need there is an opportunity for kindness to make a difference, not only by helping others but also acknowledging and complimenting someone can build compassion in one's heart. The assembly presented by the children helped them to not only be see but to feel the need to spread their power of love, care and kindness. It was indeed a phenomenal experience.

Presence of Mind, being self-reliant and cautious is very important for young children in the present scenario. Keep this in mind, we narrated and showed our Kindergarten students the story Of Little Red Riding Hood. Students were completely engrossed and enjoyed the interesting story, thoroughly. Each child was given a task to dress up as their favourite character from the story.

New Year Craft

Activities not only help young minds learn quickly but also makes learning v simple. New year is round the corner and it's time to bid goodbye to this year and Welcome the new year. So we taught our students how to make an interesting New year Gift by using a balloon and a sheet of paper. Our kindergarten students loved this activity and experienced a true sense of accomplishment.

Paper Craft

On 7.12.2020 children enjoyed the craft activity: Paper folding of a dog. They enjoyed the paper folding, making eyes with black pen .Children enjoyed making of a dog with paper.

Activities not only help young minds learn quickly but also makes learning very simple. New year is round the corner and its time to bid goodbye to this year and Welcome the new year. So we taught our students how to make an interesting New year Gift by using a balloon and a sheet of paper. Our kindergarten students loved this activity and experienced a true sense of accomplishment

CELEBRATIONS

Christmas

Christmas is the festival joy,hope and happiness,a time for lots of gifts brought by our beloved Santa Clause. This festival inspires the spirit of sharing and caring. Soaking in the spirit of Christmas the tiny tots celebrated the festival with great enthusiasm on Thursday, December 24, 2020 The students enjoyed a fleet of activities wherein they beautifully decorated the Snowman, Christmas bells, made beautiful Santa wall hangings. etc everybody was dressed in red and white (Santa's favourite colours). The students sang melodious carols and danced beautifully to wish their teachers and classmates. The significance of the festival was explained to the students through the Christmas story. To inculcate the spirit of festivities they also decorated cakes and muffins. The boundless joy of celebrating the festival was visible on the faces

Fit India Week

Its truly said Health is Wealth.Physical Fitness is extremely important for our well being.To inculcate in our Students the habit of physical fitness and excersing regularly we conducted a number of Fitness Activities like jogging,marching etc on 15th December. Students were smartly dressed in their track suits and sports shoes.We began with few warm up exercises and then on the spot jogging,marching ,jumping, bending and Stretching .They actively and enthusiastically participated in all activities.

VIRTUAL TOUR

Trip To Farm & Aqua World

The World of Animals is the most amazing creation of God. In order to introduce our Kindergarten students to this wonderful world of animals we took them to a virtual tour. They were amazed to see the beautiful aqua animals and farm animals

They also learnt about the sounds of few animals and how useful some animals are to us. They enjoyed watching the different sea creatures like sea horse, jelly fish, octopus, whale, dolphin, gold fish, star fish, shark, etc. They took keen interest in seeing the life under water. They also did a thumb printing activity in aquarium in the art books.

Amul Food Factory

Young children are very fond of delicious butter, yummy biscuits and chocolates. In order to make them understand how these things are manufactured, we took them to a Virtual tour to Amul Food Factory. Students were really amazed and excited to see how these things are actually made. It was a very fruitful learning experience for them.

Recycling Center

Mother Nature is very important for our survival and its our duty to preserve and take care of her. In order to emphasize on the importance of preserving and taking care of our mother nature we took them to a virtual tour to Recycling Centre . They also learnt that we should dispose waste in separate dust bins. The things that can be recycled are disposed in green coloured bins like plastic bottles, old newspapers ,magazines, polythenes etc
