

# Report on Assembly- Saluting the Sports Stars

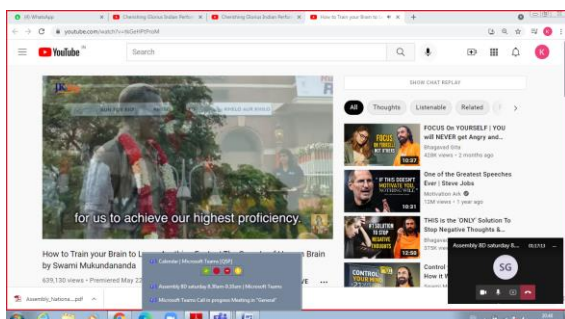

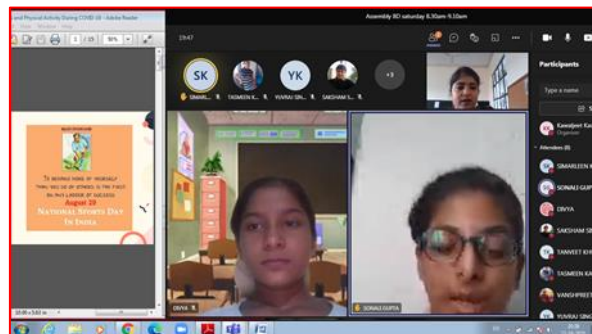

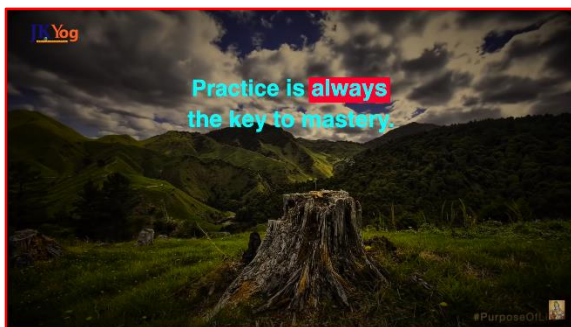

Date 23 Oct. 2021

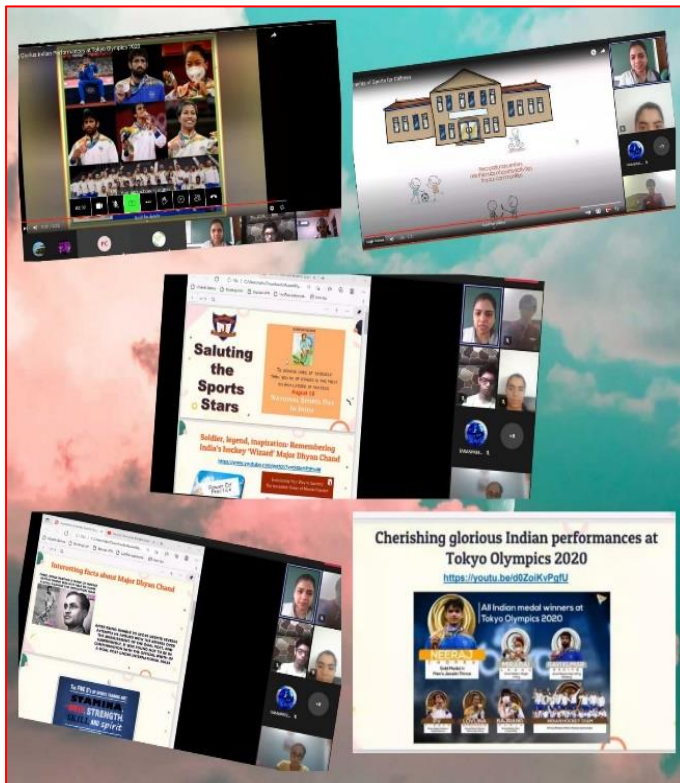

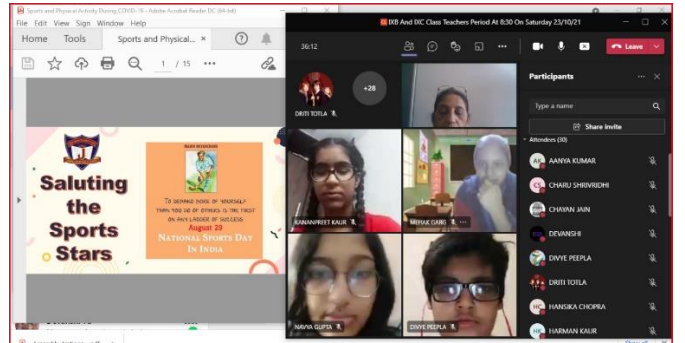

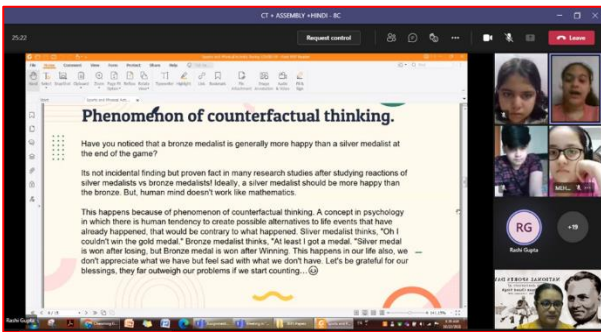

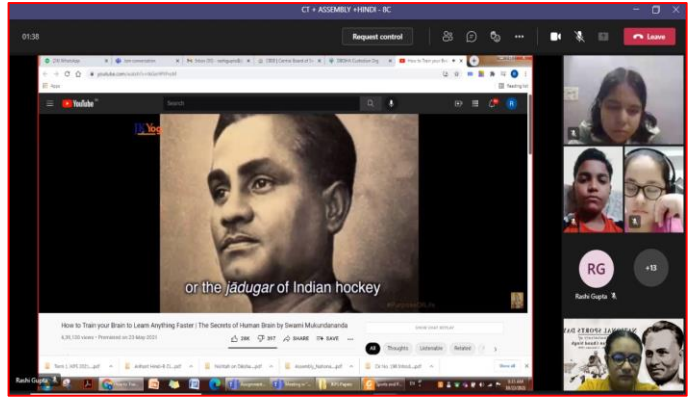

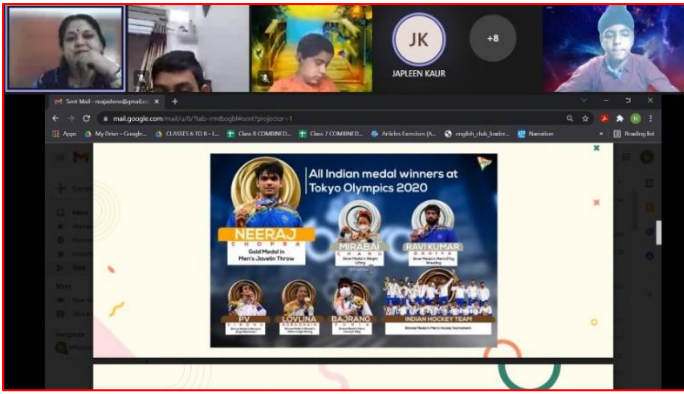

Sports plays a crucial role in a student's growth and development. It helps in the development of mental health and physical fitness of the body. Through participation in sports and games, students gain various skills, experiences and confidence that help shape their personalities. Not only can sports help to strengthen bones and tone muscles, but they can also help children improve their academic performance and teach them the value of teamwork.

***"Persistence can change failure into extraordinary achievement"***

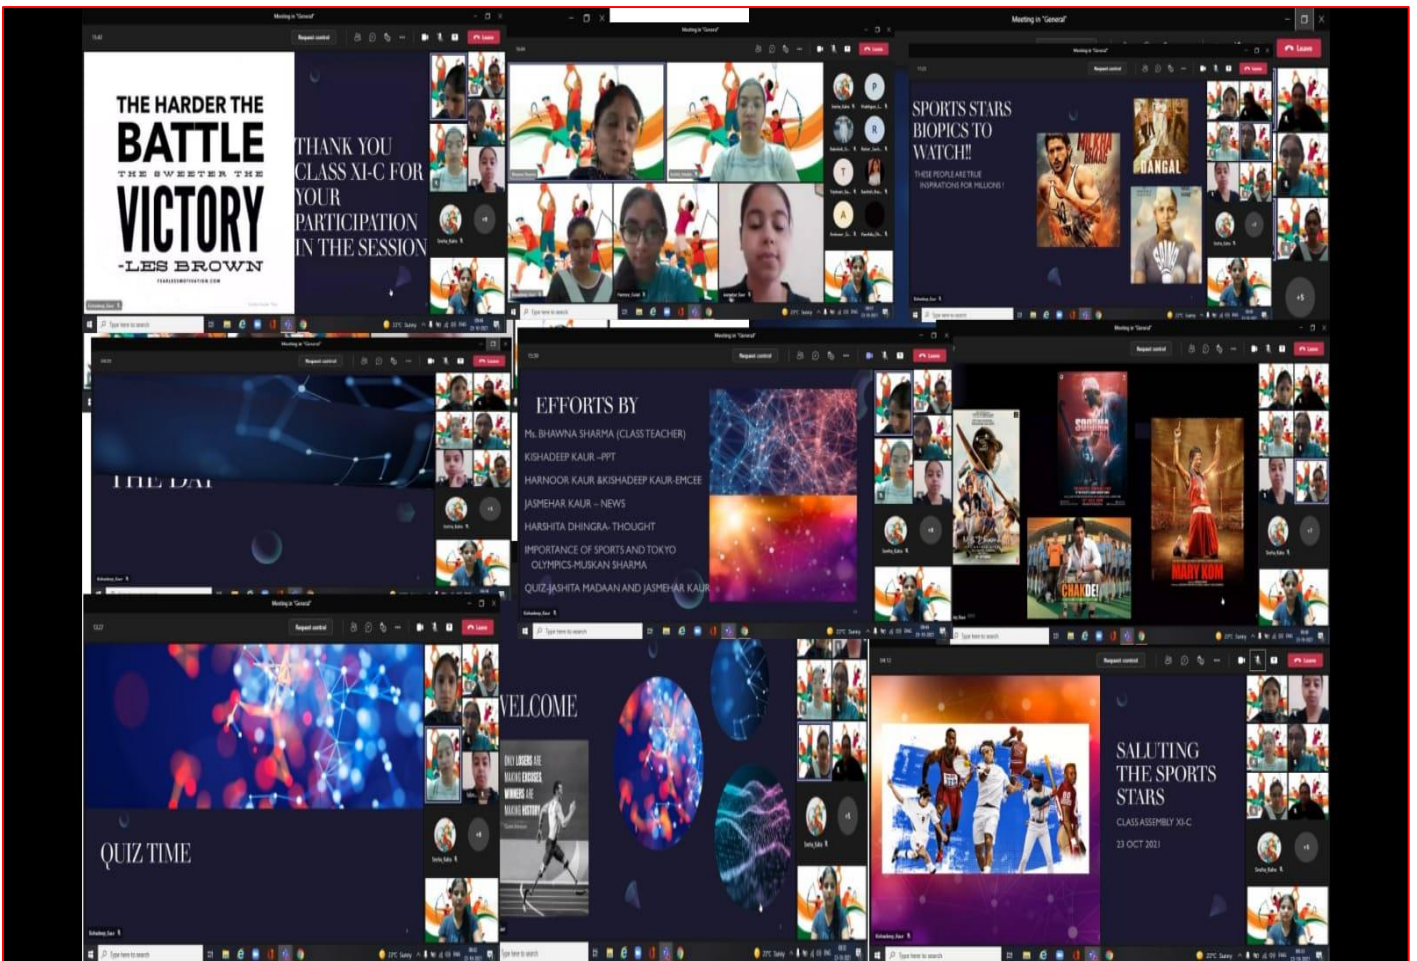

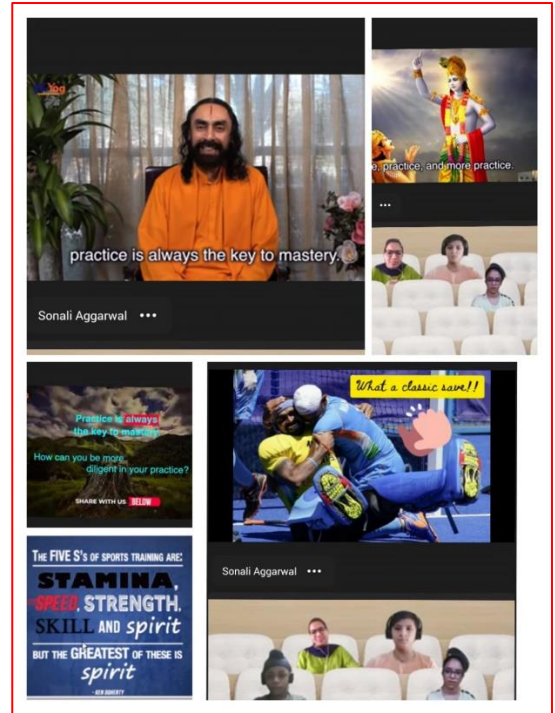

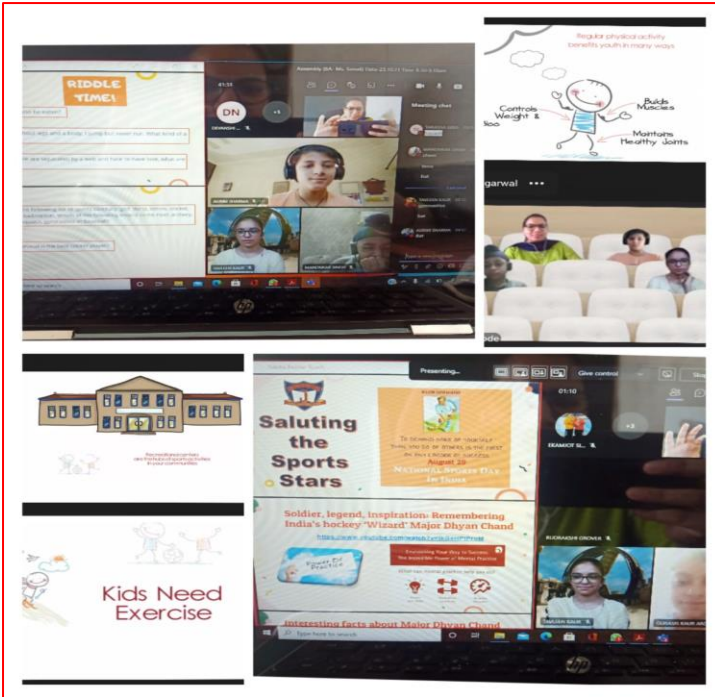

National Sports Day is observed on 29 August to mark the birth anniversary of the 'Hockey Wizard' of India, Major Dhyan Chand Singh. A special assembly **'SALUTING THE SPORTS STARS'** was conducted at JKPS to spread awareness about the importance of sports in daily life. In this assembly, the achievements of Major Dhyan Chand were discussed. Students explored his life and the importance of practice through a YouTube video. They participated enthusiastically in this assembly and also realised the importance of PRACTICE. Children also acknowledged our achievements in Tokyo Olympics. This was followed by fun activities (Riddles and Crosswords) to enhance the minds of our learners.

The assembly aimed at physical self-worth and physical self-perception.

This image shows a screenshot of a Zoom meeting interface. The main area contains several video thumbnails of participants. On the right side, there is a vertical list of participant avatars and names. The participants visible in the thumbnails are:

- Balveen\_Kaur
- Manjira\_Mahota
- Divya\_Gupta
- Suhani\_Narang
- Diksha\_Gupta
- Yash\_Jaroria

The participant list on the right includes the following names and initials:

- Pawan\_Par...
- Prabjeet\_S...
- Japnoor\_Kaur
- Sunidhi\_Gu...
- Gary\_Goel
- Suhani\_Cha...
- Yash\_Jaroria

There are also several circular icons with letters (P, S, Y) and a '+3' icon, likely representing additional participants or a group chat.
