

AWESOME APRIL 2021

CLASSES I, II, III

MONUMENTS OF DELHI

Date: 16 April 2021

World Heritage Day is celebrated every year on 18 April to preserve human heritage and to recognise all the efforts of relevant organizations. To make children aware of different heritage sites in Delhi a virtual tour was organised. Children learnt some interesting facts and participated in a quiz to check their understanding. It was an enriching session for our young Jaspalians.

CLASSES I, II, III
SELF-INTRODUCTION

“You are more than you think you are”

A Self-Introduction activity was organised for the students of class I on April 15 and 16. The students introduced themselves in a delightful manner showing their likes and dislike using flashcards, headgears and other interesting props. The activity helped the students to express themselves and know their friends better. It also gave a boost to their self-confidence and speaking skills. Most importantly, they have enlightened with the thought that everyone is unique and special.

INTERVIEW YOUR FRIEND

Class II organised an activity 'Interview your Friend' on 12 April 2021. The students interviewed their buddies over the phone, through video calls and personally. Some students talked about their cousins, some talked about their neighbourhood friends, some talked about their sibling and a few of them spoke about their classmates. They included their friend's likes, dislikes, favourite things and many other interesting points. The activity led to the enhancement of their speaking skills.

I CARE FOR MY BIG BLUE PLANET

"The Earth is what we all have in common"

The exploitation of our planet Earth by mankind is a cause of concern for the whole world and every child who is the future of the world needs to be sensitized towards the fact. Every year, April 22 is celebrated as 'Earth Day' globally to draw the attention of all towards this alarming situation.

Keeping this in mind, a speaking activity was organized for the students of Class III on April 19, 2021. The students spoke few lines on how they can take care of our planet, their contribution towards making our planet green and clean, how they will promote awareness and appreciation for the Earth's environment etc. All the students participated in this activity with great interest and enthusiasm.

EARTH DAY ACTIVITY

Earth Day is celebrated on 22 April every year. To prepare the children for the same Class II organised an 'Earth Day Activity' on 19 April 2021. The activity began with a song on Earth Day. The students prepared cut-outs of earth and their hands. It was explained that it is us and our hands that is going to protect our Earth. Hence, students wrote their unique promises towards Mother Nature through pictures to pay back for its innumerable resources and to save it. Students learnt that each small step would make a difference in protecting the earth. The activity led to the enhancement of their innovative thinking, artistic and speaking skills.

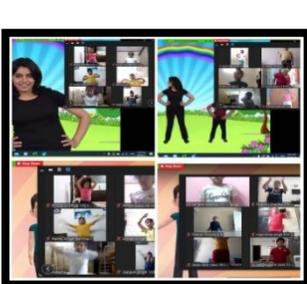

CLASSES I, II, III Health is Wealth

Date: 9 April 2021

The World Health Day is a global Health Awareness Day which is celebrated every year on 7 April. 'Health is Wealth' is a famous saying that refers to the importance of healthy eating habits. To inculcate the habit of healthy eating and spread awareness about the ill-effects of junk food, the students of classes I, II, III participated enthusiastically in the assembly.

The students participated wholeheartedly in the fitness exercises and aerobics. They were smartly dressed up in their tracksuits. They spoke lines on World Health Day and focused on being healthy.

Caring for our Heritage

Date: 16 April 2021

World Heritage Day is celebrated every year on April 18. A wonderful assembly was conducted by the students of class I, II, and III to celebrate World Heritage Day. The assembly began by seeking the blessings of the Almighty. A thought on preserving our heritage was shared. The students also depicted famous monuments of India on flashcards with pride and joy. In the end, the students realised the importance of conserving the heritage of the nation. They understood that it is of utmost importance to preserve our monuments as they are the epitome of our cultural diversity. Students of Class III drew their favourite monument and pasted their photograph along with it. All the students promised to do their bit to safeguard the monuments.

Shades of Green

Date: 23 April 2021

Mother Earth protects us and provides us with all the things that we need to survive.

It is our foremost duty to conserve its resources and protect her. Sharing the same spirit, students of classes I, II and III presented a special assembly, 'Shades of Green', celebrating Earth Day. They learnt many ways to keep their Mother Earth clean and green. They shared some important tips with their friends to save their Mother Earth-like 'Say No to plastic' and 'Develop your small garden on the balcony or terrace'.

Students also learnt not to waste food water and electricity. They used beautiful flashcards and headgears to make the assembly informative. The assembly was followed by an activity 'Planting a Sapling'. A beautiful song on planting trees and a moral story on the importance of trees was also shown to the students.

Classes IV & V

World Heritage Day

An assembly on World Heritage Day was conducted in Class V on 17 April 2021. It started with a discussion explaining the meaning of heritage and its importance. A PPT and videos were shown to the students which sensitized them towards their role in protecting and preserving the heritage sites. The assembly concluded with a Bookmark-making activity in which students made beautiful bookmarks on the topic. They wrote catchy slogans, pasted pictures and decorated them to make them attractive.
