

# Jaspal Kaur Public School

*“All kids need is a little hope, a little help, and someone who believes in them”*

With this thought in our minds and spirits, we at JKPS celebrated **Dyslexia Awareness month** (October 19 – October 31) in tandem with the theme of the year *“Uniquely you”*. The following activities were planned for creating awareness among students and teachers.

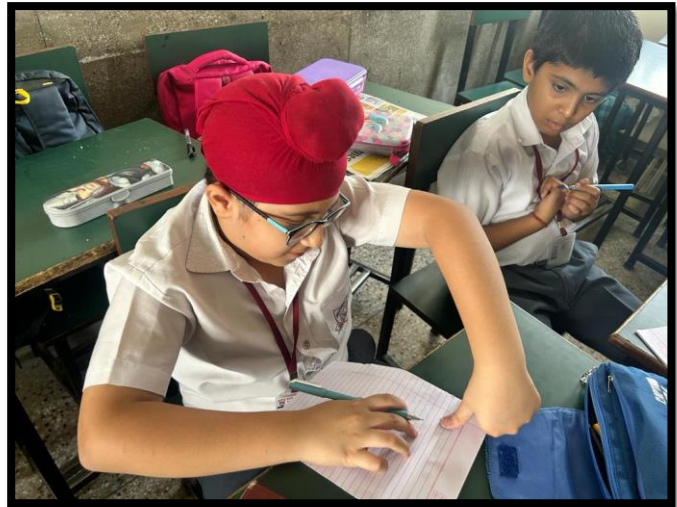

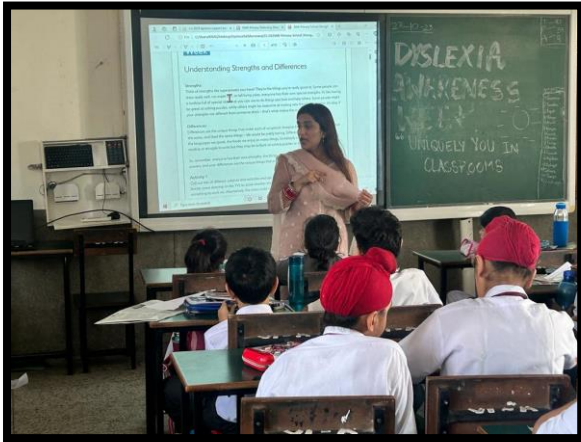

S.no:	Event:	Target Audience:
1.	Activity on “Embracing our unique selves”	IV- V
2.	Activities on understanding strengths and differences	VI - VIII
3.	Awareness Session on Dyslexia and how you can help	IX & XI
4.	Workshop on Understanding Dyslexia: Its interventions and accommodations	Teaching faculty

The activities were conducted to sensitize the students about the different abilities and challenges faced by an individual and how they can help each other in building a strong, inclusive community. The sessions and activities conducted imbibed in students’ various ways and methods on how they can help their friends with dyslexia and coping strategies that can be used by the children with dyslexia. The activity “Embracing our

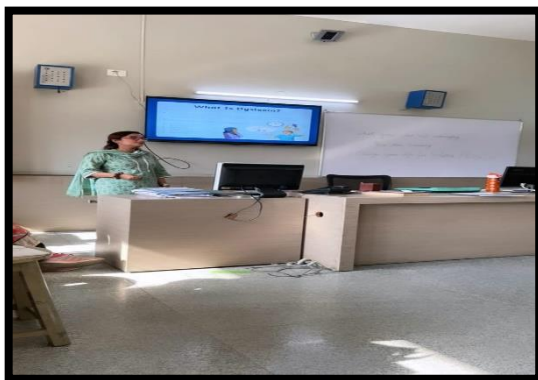

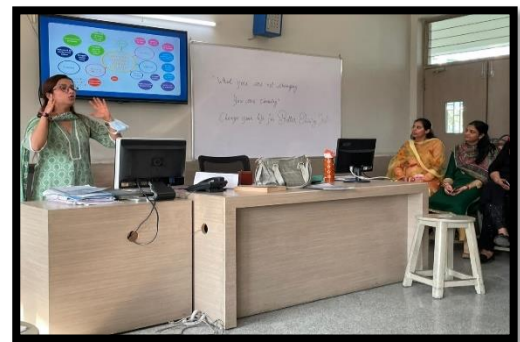

unique selves helped our young jaspalians in accepting themselves and respecting each other’s differences. The students put an impression of their fingerprints and wrote about things that they love to do. This activity also instilled in them the ability to embrace and understand that being different is good.

The awareness session helped senior students in embracing and accepting each other's differences, thereby striving and working with each other, where they uplift and help each other in achieving greater heights.

The workshop on understanding Dyslexia: Its interventions and accommodations enriched and empowered our teachers in understanding dyslexia, its characteristics and various practical strategies which they can use in the classroom setting to teach diverse learners. The workshop was followed by a Q&A round.

The activities pertaining to Dyslexia awareness month were conducted successfully throughout the month, where the school participated enthusiastically and wholeheartedly.
