Report on Rocksport Residential Program, Corbett

Class: IV-VI

Date: 15.5.24 to 17.5.24

Rocksport Corbett's Residential Program for JKPS students from classes IV to VI, held from May 15th to 17th, 2024, offered an exceptional experiential learning holiday. The program emphasized grounding through nature, perseverance through obstacles, and toughness through adventure. These experiences aimed to challenge students, enhance their confidence, and help them acquire new skills.

Each day at the camp was meticulously planned to develop different aspects of the students' personalities. Activities included exploring nature, visiting villages, and learning to live independently, thereby fostering self-reliance. Group activities promoted accountability and compassion, contributing to the student's overall development. Highlights of the camp included raft building, body surfing, and a zipline adventure, all designed to provide a power-packed experience that pushed the students to challenge themselves.

Located 265 km from Delhi and 8 km from Ram Nagar, the camp offered a unique opportunity to learn survival skills in the wild. Students experienced nature walks, tiger tracking, and pugmark discovery, along with sightings of elephants, deer, rhesus monkeys, and exotic birds. The journey to the camp itself was an adventure, traversing a scenic forest and crossing a riverbed.

The adventure began early on May 15th, with students assembling at school at 0500 hrs. Following a briefing, they departed comfortably in an AC 2x2 coach at 0530 hrs. A delightful breakfast at Haveli, Gajraula, set a perfect tone for the trip. Upon arriving at the camp at 1300 hrs, students received a briefing, were allocated cottages, and grouped for activities and the afternoon featured raft building, where students showcased impressive teamwork and creativity. Evening snacks were followed by engaging camp games, and the day concluded with journal writing and a dance party, accompanied by a hearty dinner.

The second day started at 0500 hrs with morning tea and an exciting jeep safari, allowing students to witness wildlife in their natural habitat. A nutritious breakfast back at the camp was followed by the thrilling activity of body surfing. After lunch, students participated in a pugmark study, learning about animal tracks. The day continued with evening snacks, camp games, and another reflective journal writing session at the campsite, enriched with music and concluded with a delightful dinner.

The final day began with morning tea at 0500 hrs and a serene sunrise trek, providing breathtaking views. Upon returning to camp, students enjoyed a pool party and breakfast before taking on the exhilarating zipline activity. A prize distribution ceremony celebrated their achievements throughout the camp. After lunch, the group departed at 1330 hrs, with a stop for evening snacks at Haveli, Gajraula. They arrived back at school at 2030 hrs, marking the end of a memorable adventure. The Rocksport Adventure Camp offered a perfect blend of thrill, learning, and fun, fostering teamwork, leadership, and resilience among the students, and leaving them with cherished memories and new friendships.

Overall, the Rocksport Adventure Camp at Corbett was a resounding success, providing students with a blend of thrilling activities, educational experiences, and personal growth opportunities. The camp fostered teamwork, leadership, and resilience, leaving students with cherished memories and newfound friendships. This enriching experience not only offered a break from routine academics but also equipped the students with essential life skills and a renewed sense of confidence.
