Report of webinar conducted by CBSE

Topic: Cyber safety and security

Date: 26-04-2024

Cyber Security Awareness: The CBSE emphasized the importance of cyber security in today’s digital age, highlighting the increasing vulnerability of the younger generation to cybercrime.

Government Initiatives: The Indian Cyber Crime Coordination Centre (I4C) and various government steps were discussed, including awareness campaigns and the publication of a Handbook for Adolescents/Students.

Formation of Cyber Clubs: Schools are encouraged to form Cyber Clubs, providing a platform for students to learn about cybersecurity. A Cyber Nodal Officer is to be nominated for each school.

Educational Activities: The webinar suggested several activities for Cyber Clubs, such as lectures, hands-on training, and cyber quizzes to promote cyber hygiene and awareness.

This report encapsulates the key points from the webinar, focusing on the urgent need for cyber safety education and the role of Cyber Clubs in fostering a secure digital environment for students.
