

TEACHER'S MEET - TEACHERS MEET FOR SUSTAINABILITY- BY GOONJ

“There is no such thing as ‘away’. When we throw anything away it must go somewhere.”

The Teacher’ Meet, an event organized under the Goonj’s ‘School to School’ initiative, convened on 10 May 2024. The teacher representatives from Jkps were **Ms. Priyanka Bhatia** and **Ms. Acharandeeep Kaur**. It was an event that served as a platform to introduce and implore the educators from different schools to collaborate and build a community to take action towards sustainability.

The meeting commenced with a comprehensive tour of Goonj’s Processing unit and the teachers were briefed on the organisations’s multi-faceted initiatives toward the well-being of the rural community by providing them kits made out of old clothes.

The teachers were also introduced to the concept of **GCSSD-Goonj Community of Schools for Sustainable Development** which serves to empower students as active participants in creating a sustainable future. The co-founder of Goonj, Ms Meenakshi Gupta joined the meeting virtually and expressed her gratitude to the teachers and highlighted the significance of schools in contributing towards sustainability. In a heartfelt conclusion, the Teacher’s Meet, dedicated to a sustainable future, reached its zenith.
