To my mentor, my mother figure, my best friend and the best teacher in the world, it's been more than a year since I left school and still I miss and cherish each and every moment spent with you in school. School life could have been muchh difficult for me if you haven't been there for me standing like a strong pillar alongside me. ❤️👁️

Thank you for everything you have done for me ma'am. I couldn't have asked for a better mentor and guide in this lifetime. And I pray to god that he makes me your student in all the births I take. 🙏

Thank you teachers for great efforts. Very systematically, teachers are going ahead with extra remedial teachings. Their efforts are really appreciable. Otherwise it is very difficult for anyone for taking one hour Remedial classes even after the classes are over. My child improved alot.

Grateful to school and teachers 🙏
