JKPS & CanSupport: United in Compassion

At JKPS, we believe that education extends beyond the classroom, encompassing values such as empathy, compassion, and social responsibility. In September 2025, the school community participated in a voluntary initiative in collaboration with CanSupport, an organisation that provides care to cancer patients. The initiative aimed to sponsor ration kits for underprivileged cancer patients residing outside Delhi. Each kit, worth ₹2000, provides essential nutrition for one month, easing the financial and emotional burden on patients and their families.

Participation was entirely voluntary. Those who wished to contribute were invited to sponsor a kit through an online payment link provided by CanSupport. The response from the JKPS community was heartwarming, with many coming forward in the spirit of solidarity. Together, the family of JKPS sponsored six kits, each providing one cancer patient with a month’s worth of nutritious food. This effort directly impacted lives by easing the struggles of patients and allowing them to focus on recovery.

This initiative was about more than financial support—it was a reflection of unity, empathy, and humanity within the JKPS community. Supporting cancer patients during their challenging journey reinforced the school’s culture of kindness and respect. By sponsoring ration kits, the staff demonstrated that education is not just about imparting knowledge but also about fostering responsible citizens who act with compassion.

The success of the initiative highlighted the power of collective action. It not only provided immediate relief to cancer patients but also strengthened the ethos of service and care at JKPS. This effort reminded us that even small acts of giving, when multiplied, can create a lasting impact.

The initiative aligned with the spirit of Sustainable Development Goals (SDGs), especially SDG 2 (Zero Hunger), SDG 3 (Good Health and Well-being), and SDG 17 (Partnerships for the Goals).
