

**RESTORE OUR EARTH
2021**

19 June 2021 Assembly

Topic : RESTORE OUR Earth

Earth Day is celebrated on April 22 every year. The day aims to raise awareness among masses about climate change and global warming. The day inspires to act towards the protection of the environment and focus on the need for conservation. Earth Day is recognised as the largest civic event in the world. Earth Day demands immediate action to be taken to tackle industrial pollution, oil spills, toxic waste disposal and others. 2021 marks 51 years of Earth Day. The credit for this major event goes to US Senator Gaylord Nelson, who rallied the support of people regarding this pressing issue.

Glimpses of Earth Day Activity

FOUNDERS

JOHN MCCONNELL

Suggested: What are the Panama Papers? 10 Things you Need to ...

PARTICIPATION OF VARIOUS COUNTRIES TO SAVE EARTH

- Helping Countries Tackle Climate Change in Asia Pacific
- Providing Governments and Stakeholders with Critical Knowledge for Climate Change Adaptation
- Integrating Resilience in Mountain Ecosystems at National and Local Levels
- Building Adaptive Capacity and Resilience to Climate Change in Afghanistan
- Enhancing Climate Change Resilience of Rural Communities in Protected Areas of Cambodia
- Integrating Climate Change into Myanmar's Policy and Reform Agenda
- Promoting Clean Energy Technologies in Central Asia
- Phasing Out Incandescent Lamps in Viet Nam
- Promoting Low Carbon Energy Islands

AIR	CONSERVATION	CELEBRATION	RECYCLE
APRIL	EARTH	CELEBRATE	REDUCE
BOTTLES	ENERGY	PLANET	REFUSE
CLANS	ENVIRONMENT	PLANTS	TIME
CLEAN	LAND	PLASTIC	VOLUNTEER
CLIMATE	NATURE	POLLUTION	WASTE

We can do many things to help improve our environment. We can help by recycling. Recycling one ton of paper saves between 15 and 17 big trees.

We can help by putting rubbish in a bin.

We can help by reducing our usage of energy. We can switch off lights when we leave a room

It is now time to think about our own actions on the environment.

Students' Activity 2

Make a seed bomb

A seed bomb, or seed ball, is a ball of seeds mixed with something compostable which can be shaped into a ball. The seeds are encased in the compostable paper or clay and can be thrown into the soil. As the rain falls, the paper composts away, the seeds germinate and grow wherever the bomb is thrown.

Rainy season is almost there! Let's plant seed bombs!

The message of the assembly was “We must Restore Our Earth not just because we care about the natural world, but because we live in it. Every one of us needs a healthy Earth to support our jobs, livelihoods, health and happiness. A healthy planet is not an option — it is a necessity.” Children learned new ways to contribute towards restoring Earth. There were fun activities to enrich their understanding.
