

## The Duke Of Edinburgh's International Award For Young People

JKPS is a Licensed 'Yes Centre' for conducting the IAYP Programme.

### IAYP Awardees

Students engaged  
in various  
activities

In today's competitive times for the holistic development of a child, it's not only important to give them the exposure to various fields such as academics, arts, sports etc. but also make them world ready by giving equal opportunities to explore international platforms.

The famous Sanskrit phrase "Vasudhaiva Kutumbakam", which means "the world is one family" actually suffices the need of the hour to make the students; world ready. Their horizons are no longer limited to state / country level institutions, but they are prone to set out and explore overseas opportunities too.

Thus, it becomes pertinent for schools to provide students such platforms. In one such endeavour, JKPS had introduced the prestigious International Award for Young People. It was started by Prince Henry Philip in 1956, to celebrate the achievements of children in non- academic fields.

Key features:

- An exciting self-development programme
- Operational for age groups of 14 to 25 year
- An initiative to equip students with life skills, build confidence and engage them with communities
- Allows one to choose activities one likes, at one's own time for minimum time required
- More than 11 million young people worldwide participated so far
