

# Jaspal Kaur Public school

*“All kids need is a little help, a little hope, and someone who believes in them.”*  
-Magic Johnson

Keeping the above thought in our hearts and spirits, an orientation session on **PRASHAST (A Disability Screening Checklist for Schools)** was organized for general education teachers on **September 24, 2022, Friday**. The session was conducted by the school's special educator Ms. Shruti Sethi.

She discussed the importance of providing early intervention to at risk children as soon as possible. Ms. Shruti laid emphasis on Prashast, a disability screening checklist for schools, an initiative of Directorate of Education for promoting inclusive education for all children. She immaculately oriented the teachers on the Part 1 of the checklist and on how to fill the data for each student. The teachers were given a glimpse of all **the 21 disabilities as per The Rights of Persons with Disabilities Act, 2016**. They were also oriented on the importance early intervention holds in the lives of children. The session ended with a Q&A round where the queries were taken and solved.
