

**JASPAL KAUR PUBLIC SCHOOL**  
**REPORT ON ASSEMBLY – RESTORE OUR EARTH**

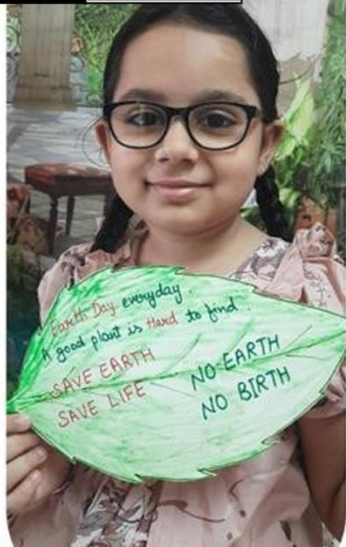

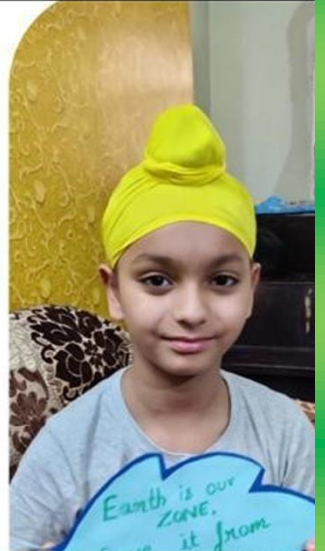

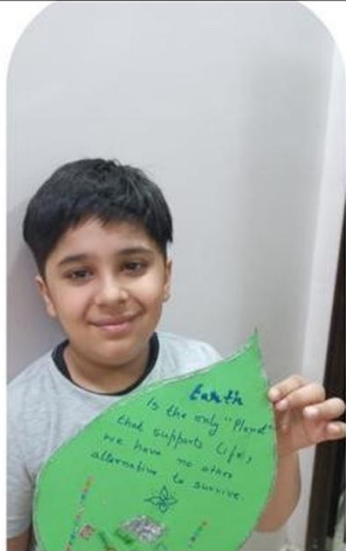

**'A healthy planet is not an option – it is a necessity.'**

In order to foster love for Mother Earth and make tomorrow's leaders responsible and caring citizens of the world; JKPS celebrated World Earth Day with great fun, frolic, and lots of green activities.

Students were shown PPT and videos that shed light on the current condition of the Earth, how we can do our bit in protecting the Mother Earth and some inspirational stories of people who are contributing to keep Earth clean and green. Children also solved crossword puzzles and did activities like 'Write a Pledge' and making a Pamphlet to spread awareness on 'How to Restore Our Earth'. Their enthusiasm and proactive approach promised a clean and green earth in future.

# PLEDGE ON A LEAF

# PAMPHLET ON HOW TO RESTORE OUR EARTH
